

ADVANTAGES

- Available in MERV 11/11A, 13/13A and MERV 14/14A.
- Best in class, saves energy, and lasts longer than other box-style filters
- Guaranteed to 10" w.g. for the highest structural integrity of any box-style filter
- Supported media unaffected by varying airflow or turbulence.
- Microfine high loft media blanket has a long life and maintains efficiency throughout the life of the filter.

Application	Built-up filter banks, rooftops, split systems, free-standing units, package systems and air handlers
Gasket	Neoprene
Media	Glass fiber
Recommended final pressure drop	2x Initial pressure drop
